

Like a family heirloom,

We have something to pass down.

Beaver Machine Corporation is recognized worldwide for their innovative product design. Our rotary coin mechanism is acknowledged as an industry standard for global vending technology. The mechanism is offered in over 100 countries around the world.

Behind every rotation, is 50 years of design and engineering skill and the unwavering assurance that it will work as well tomorrow, as the day you bought it.

If you are interested in operating or becoming one of our distributors, please contact us at:
