

Mental health doesn't have to be a solitary struggle.

At SSL, we support the individuals facing mental illness and the families affected by their struggle.

Together we can
strengthen our
community as
a whole.

SSL supports the Canadian Mental Health Association and the community's endeavour to raise funds for a mobile drop-in clinic for youth, so they can be easily reached in both location and spirit.

SSL is a full-service accounting firm serving York Region and Simcoe County.
